2006 CERTIFICATE OF CHEMICAL COMPLIANCE GRACELAND FRUIT, INC. GROWERS/SUPPLIERS

The undersigned _____ (Grower/Supplier) hereby certifies to Graceland Fruit, Inc. (Graceland) as an inducement to and in consideration of the purchase by Graceland of cherries from Grower/Supplier that:

- 1) All cherries sold by Grower to Graceland were managed in such a manner as to ensure that no pesticide, fumigant, growth regulator, or other chemical was applied on or in close proximity to such cherries, except those chemicals that are registered under the Federal Insecticide, Fungicide and Rodenticide Act and applied in conformance with state and federal guidelines.
- 2) The legally permitted products applied to cherries grown in the United States are done so under all applicable United States' laws and regulations of the United States Environmental Protection Agency, and all applicable laws and regulations administered by the State of Michigan. Further, these materials were applied in such a manner as to fully conform to label specifications pertaining to dosage and timing of application and all best management practices.
- 3) Grower warrants that no biosolids (treated domestic sewage residuals) or Genetically Modified Organisms (GMO) were/are used on the lands from which supplied cherries are harvested.
- 4) Grower agrees to abide by all laws and regulations regarding pesticide and nutrient use, and employee health and safety. Grower agrees to inform Graceland within 30 days of any violations, including the date and time of the violation, current status and plan for resolution.
- 5) Grower agrees to maintain complete pesticide and nutrient application records for the last three years and to provide a copy of all such applications for this crop year at least 48 hours before delivery of any cherries.

Signed by _____ this _____ day of _____, 2006.
