To: Graceland Fruit Suppliers

After four months of intense negotiations to strike a mutually beneficial agreement between CranGrow, their creditor CoBank, and Graceland Fruit Wisconsin, Inc., we were unable to reach an agreement. CranGrow's decision requires Graceland to cease operations at the Warrens Plant effective Thursday, June 18, 2020, and return the facilities to CranGrow after a brief transition period.

Our Wisconsin Supply Chain and Accounting teams will be assisted by our Michigan teams during this transition. Please copy Tim Cutler, Corporate Supply Chain Manager [tcutler@gracelandfruit.com](mailto:tcutler@gracelandfruit.com), and Chris Anderson, Michigan Accounts Payable clerk [canderson@gracelandfruit.com](mailto:canderson@gracelandfruit.com) on correspondence regarding open invoicing.

As our supplier, you are at the forefront of our long-term and short-term success. Graceland values our relationships and felt it was important to inform you of this development as soon as possible. The Graceland Team was well prepared for this potential situation and is making all the necessary plans to meet the needs of our customers. Our focus will be to turn our attention to creating more capacity in our Michigan Plant. The Graceland Fruit Board of Directors and Senior Leadership Team is more committed than ever to invest in the areas that will deliver higher quality products and services.
