

Quaternary Ammonium Statement

(This statement does not expire and will only be updated if changes are required)

To All Graceland Fruit Customers,

Graceland Fruit, Inc. does not use any Quaternary ammonium cations, QACs or Quats on food products or on its food product contact equipment for its sanitizing operations. All sanitizers other than floor foaming foot bath stations are a hydrogen peroxide, peroxyacetic acid blend which are approved safe for use on food and food contact surfaces.

If you have any questions contact either your Broker or our Customer Service Department.

Respectfully,

Christopher J. Oberski
Corporate Quality Manager
Graceland Fruit, Inc.
