Talk to Our Experts

Graceland Fruit, Inc. is a leading producer and global distributor of premium quality dried fruit ingredients for the food industry. Our exceptional product and service performance make it easy for innovative food manufacturers and providers to create delicious, on-trend products that surprise and delight their consumers.

© Graceland Fruit, Inc.

Graceland Fruit cranberry juice concentrate is made from high-quality fresh fruit harvested at peak season.

The juice extracted during our patented drying process is captured, de-pectinized, filtered, and evaporated to achieve target Brix levels. It is simply 100% juice...no added sugar, flavors, colors, or other additives... and

- Naturally fat free
- Cholesterol free
- Sodium free

The juice of this delicious superfruit is a nutritional powerhouse that packs a healthy one-two punch of antioxidant and anti-inflammatory benefits. Cranberries have an array of naturally occurring flavonoids and phytonutrients including anthocyanins, a polyphenol that gives cranberries their bold red color and contain powerful antioxidants, and Proanthocyanidins (PACS), bioactive compounds unique to cranberries that provide antioxidant and anti-inflammatory benefits.

More than 500 original research and review articles on the health benefits of cranberries and cranberry juice have been published in peer-reviewed medical and nutrition journals*. While research is on-going, initial findings suggest cranberries may:

- Reduce inflammation associated with chronic disease and aging
- Improve heart health
- Support digestive health
- · Improve insulin sensitivity and glucose response among type 2 diabetics
- Promote urinary tract health
- Support oral health
- Slow tumor progression in prostate, liver, breast, ovarian, and colon cancer

The bold sweet-tart taste of our exceptional cranberry juice concentrate adds a powerful combination of flavor, nutrition, and color to a wide variety of food, beverage, health, and wellness products. Versatile. Flavorful. Delightful!
